STRENGTHEN THE NODES AND WIDEN THE NET

Luke 10:2 NKJV “2 Then He said to them, “The harvest truly [is] great, but the laborers [are] few; therefore pray the Lord of the harvest to send out laborers into His harvest.”

Two years ago we appointed **8 national leaders** who are responsible for making disciples, planting of churches and businesses in their nations or regions. In 2025 we gathered them for the first time together for a 3-day time of strategizing, prayer, encouragement and planning for the year. We talked about the biggest strongholds (**2 Cor 10:4**) they encounter in their nations and repented and prayed into that. At the same time, the national leaders taught a new **3-day Facilitators training** where we **trained 40 new Eastern African facilitators**. Multiplication is happening.

One of my highlights of the year, was when the whole group knelt down and repented for the sins of the nations. A time of holy reverence and fear of our Creator and Maker. He is truly Holy. Our main goal stands: **helping local church planters to use their businesses to make disciples and plant churches among the unreached**. We do that by raising up leaders.

In 2025 **over 2000 people were trained** in starting Kingdom business, more than **700 new businesses were launched**, and **140+ new house churches began**—each one a story of hope, transformation, and the gospel in action. These numbers represent more than just statistics; they are testimonies of lives changed and communities uplifted. Each new business and church is a beacon of light, demonstrating the power of faith and entrepreneurship to overcome adversity and create lasting change.

At the end of 2025, we launched a bold vision: to see **1,000 churches and 1,000 businesses started by 2028** among the least reached. A vision I encourage you to get behind. Help us reach the unreached and speed His return.

What sets our movement apart is the integration of business and discipleship. We believe that sustainable change happens when local leaders are equipped to serve both the spiritual and practical needs of their communities. Through innovative training, coaching, and the multiplication of trainers, we are seeing lasting fruit: families provided for, communities strengthened, and the message of Jesus reaching new places. Our approach ensures that leaders are not only equipped with the skills they need to succeed but are also empowered to pass on their knowledge, creating a ripple effect of transformation that extends far beyond our immediate reach.

Thank you for standing with us. May this Annual Report encourage you. May it give glory to God!

Shalom,

Jonathan Nolan

International Business Director
All Nations - Business for Movements

HIGHLIGHTS OF 2025

EAST AFRICA

NORTHERN KENYA

45 churches 32 businesses

Every single DBS group became a church.

George Nyaundi reached 19 new villages across Pokot, Turkana and Samburu. 35 baptisms despite severe water scarcity. All 32 businesses are still running.

45 DBS Groups	35 Baptisms	139 People Trained	74 People Coaching
-------------------------	-----------------------	------------------------------	------------------------------

WEST KENYA

8 churches 220 businesses

The most DBS groups in the entire network and table banking is funding its own growth.

Kefa Moirore's 150 groups produced 200 baptisms and 220 businesses. Community savings groups are now self-capitalizing new ventures.

150 DBS Groups	200 Baptisms	400 People Trained	220 Businesses Started
--------------------------	------------------------	------------------------------	----------------------------------

TANZANIA

8 churches 17 businesses

Seven groups. Seventy nine baptisms.

Jackson Mollel's work among the Maasai and Hadzabe produced the most remarkable discipleship yield in the network this year. All 17 businesses are thriving.

7 DBS Groups	79 Baptisms	17 Businesses Started	16 People Coaching
------------------------	-----------------------	---------------------------------	------------------------------

UGANDA

30 churches 136 businesses

20 Bible study groups became 30 churches — and a follow-up found 136 businesses already running.

Eridard Okwiri's movement spans Samia, Lakeside and Busoga. A tailoring shop became a hub for both employment and a new house church.

20 DBS Groups	123 Baptisms	220 People Trained	136 Businesses Started
-------------------------	------------------------	------------------------------	----------------------------------

FACILITATORS TRAINING · CROSS-CUTTING EVENT

40 leaders. One room. A pledge to train 1,070 more.

Leaders from Tanzania, Kenya and Uganda gathered in Arusha for the PBP Facilitators Training — equipped as trainers of trainers. The breakthrough wasn't a curriculum. It was an identity shift: participants repented of a poverty mindset, recognized the wealth already in their communities, and pledged 21 new trainings and 98 new facilitators in 2026.

"We trained 20 people in Maralal. Within a week, they were training others. That's how we grow — not by adding, but by multiplying."
— Kefa, West Kenya

40 Leaders Trained	21 Trainings Pledged	98 New Facilitators	1,070 People to be trained
------------------------------	--------------------------------	-------------------------------	--------------------------------------

ARUSHA, TANZANIA
June, 2025

HIGHLIGHTS OF 2025

SOUTHERN AFRICA

MALAWI

33 churches 281 businesses

The strongest training pipeline in the BFM network

Gibson Banda's 19 trainings equipped 1,141 people, producing 967 business plans. The FaithFund model is generating its own momentum across Monkey Bay, Balaka and Lilongwe.

114 DBS Groups	17 Baptisms	1,141 People Trained	967 Business Plans Written
--------------------------	-----------------------	--------------------------------	--------------------------------------

MOZAMBIQUE

18 churches 20 baptisms

Five months of political unrest — and the movement held.

85 DBS groups still meeting, 18 house churches planted, 20 baptisms. Raymond Makhamu's team expanded outreach 800km from Maputo — the crisis opened doors that stability never did.

85 DBS Groups	18 House Churches	20 Baptisms	6 People Coaching
-------------------------	-----------------------------	-----------------------	-----------------------------

BANGLADESH

1 church 26 businesses

Five public baptisms in a context where that takes real courage.

National team leader ran 8 PBP trainings reaching 165 people across non-believers' communities.

20 DBS Groups	5 Baptisms	165 People Trained	64 Business Plans Written
-------------------------	----------------------	------------------------------	-------------------------------------

SOUTH ASIA

PAKISTAN

2 churches 3 businesses

A first year — and a pastor opened a restaurant with \$6 that grew into a thriving business within months.

65 believers trained, 65 business plans written. This is early-stage — but the seed is planted in genuinely hard soil.

2 DBS Groups	65 People Trained	65 Business Plans Written	2 House Churches
------------------------	-----------------------------	-------------------------------------	----------------------------

INDIA — In 2025 we focused on building a new structural and financial foundation for our India work. For security reasons we cannot share details publicly — contact us directly to hear more.

MIDDLE EAST

MIDDLE EAST

1 church 2 businesses

A country move, and the movement kept building.

14 DBS groups, 29 people trained through 2 PBP trainings, and 2 businesses launched. "Eddie's" simple olive oil business is now funding gospel trips back to his scattered people group — where house and online DBS groups reach around 150.

14 DBS Groups	29 People Trained	2 Businesses Started	6 People Coaching
-------------------------	-----------------------------	--------------------------------	-----------------------------

FACILITATORS TRAINING

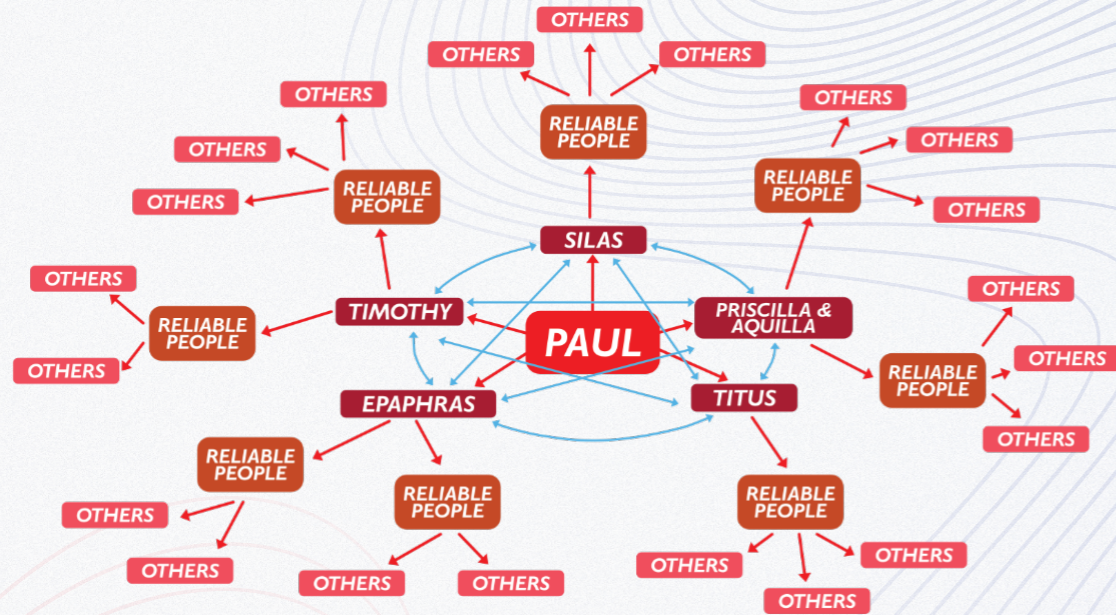

Paul charged Timothy to pass on what he has heard from him to faithful men, who will be able to teach others. To multiply our impact, we have been raising Facilitators and coaches of Pioneer Business Planting.

These leaders:

- Select whom they will train
- Conduct Pioneer Business Planting consultations
- Coach people in starting their businesses
- Raise up facilitators themselves

“And the things you have heard me say in the presence of many witnesses entrust to reliable people who will also be qualified to teach others.”

2 Timothy 2:2

In **Arusha, Tanzania**, 40 local leaders from Tanzania, Uganda, and Kenya gathered for the Pioneer Business Planting (PBP) **Facilitators Training** in June, 2025. These participants, many of whom had overcome generational poverty, were equipped to train others in starting Kingdom businesses, coaching, and resource stewardship. A significant breakthrough occurred when they recognized the hidden wealth within their communities—land, cattle, and resources—and repented for believing they were poor. This identity shift sparked hope and empowerment, culminating in a joyful celebration.

The training’s impact was profound, with participants pledging to **train 1,070 people**, conduct **21 PBP trainings**, and raise **98 new facilitators**.

NATIONAL LEADERS MEETING

NATIONAL LEADERS ON THEIR KNEES FOR BREAKTHROUGH OF THE KINGDOM OF GOD IN THEIR NATIONS

Immediately after the Facilitators Training in Arusha, Tanzania, our national leaders from Northern Kenya, West Kenya, Uganda, Malawi, Mozambique, India, Pakistan, and Tanzania stayed for a 3-day strategic leadership gathering. What took place was a time of vision, honesty, deep prayer, and big dreams.

We shared our stories. One of us had grown up without parents, encountering Jesus in a quiet gathering years ago. Another had been abused by his father, but found healing and now raises his children with tenderness and strength. Some of us were disciplined through hardship, others through radical hospitality.

And it’s only just beginning. We didn’t just make plans—we named our battles. Together, we identified spiritual strongholds quietly choking the movement in our regions—witchcraft, women’s discrimination, and normalized poverty in Eastern Africa; jealousy, control, and ancestral worship in Southern Africa; and corruption, shame, and dependency mindsets in South Asia.

We opened the Scriptures: **“The weapons of our warfare are not carnal but mighty in God for pulling down strongholds.” (2 Corinthians 10:4)**

We laid down jealousy. We repented of competition. In prayer, we saw a picture of a sunflower—always turning toward the light. That’s who we want to be. Each morning began with thanksgiving: 17 businesses started in Tanzania, 30 new businesses from table banking groups in Uganda, growing trust among small traders in Malawi and Mozambique, and a man in Pakistan who once thought business was evil now running a thriving online food business.

Then came the hard questions—How do we sustain this? How do we grow without losing our DNA? Leaders drafted business models and revenue plans, but repentance surfaced again. Many confessed fear and shame around money.

“We thought we were disqualified because we have nothing. But today, I realized—we are the solution. The seed is already in our hands.”

Tangible steps followed: refining Savings Group and FaithFund models, introducing the WeCare app, integrating the Multiply Ubuntu App for mobile coaching, and defining strategic focus areas—youth, women, refugees, technology, and team building.

Kefa from Kenya captured it well: **“We trained 20 people in Maralal. Within a week, they were training others. That’s how we grow—not by adding, but by multiplying.”** The gathering closed with a team dinner, songs of joy, and the announcement that a key team member had been baptized—a fruit of discipleship through business planting. What started as a training in Arusha became a move of the Spirit. Businesses birthed, churches planted, lies exposed, futures rewritten. The seeds sown are already taking root across Africa and Asia—and it’s only just beginning.

HOW WE WORK

STARTING AND MULTIPLYING THE BUSINESS

The participants start the business, while ongoing business coaching is provided. When the business grows, new products and services can be added, or new businesses can be started to reach the unreached.

FUNDING

Once the business has proven to be viable, the next phase is raising the capital to start. We encourage people to find funds locally through a bank, micro-finance institutions, Savings Group, personal savings, loans from friends and family etc. We also set up local FaithFunds to start the businesses.

BUSINESS COACHING

Through regular 1-on-1 and group coaching meetings an experienced coach will help the participants develop their Business Model Canvas, business budget, business plan and church planting plan. This coach also encourages and gives timely advice on how to start and grow the business and their network of churches.

1 DETERMINE LOCATION

We mainly work with church planters that want to extend the reach of the gospel. We determine if the people at a location have the vision, time and resources to focus on church planting and starting businesses.

2 FIELD CONSULTATION

In the 5 day interactive Pioneer Business Planting consultation participants will learn how to use business to reach the lost, to write a business plan and skills to start and manage their business.

3 BUSINESS PLAN

The participants start researching their communities. From there they gather all the necessary information to develop their Business Model Canvas, business budget and business plan.

PLAN

Make plans what to do.

"I WILL" STATEMENTS

Let the leader commit and write down specific actions they will complete before the next meeting.

PRAYER

Surrender all plans to God, seeking His blessing, guidance, and presence. Pray for plans to come to fruition.

FEEDBACK/ INPUT

Provide feedback and give input to propel the businesses and churches forward.

REPORTS/ REVIEW

Let the leader share what he or she has done in obedience to Jesus (checkup from last meeting).

What is happening in the businesses and churches that are started?
How are THEIR leaders doing?

PRAYER

Acknowledge and invite the Holy Spirit to be the guide in this meeting.

VISION AND MISSION

Business For Movements is a project of All Nations International and helps church planters in Africa, Asia and the Middle East, start and develop their own business while spreading the good news of the gospel of Jesus Christ and reaching unengaged and unreached people groups.

VISION

All Nations was founded by Floyd and Sally McClung in 1993 with our vision **to see Jesus worshipped by all the people groups of the earth!** We believe that when people truly worship Jesus, amazing things happen. Communities are transformed. Justice reigns. The sick are healed. The brokenhearted are comforted. The oppressed are freed and the weak are strengthened.

MISSION

We believe the most effective way to see this happen is through our mission to **make disciples and train leaders to ignite church-planting movements among the neglected peoples of the earth.** We want to empower the least, the last and the lost to passionately follow Jesus. We don't just want to reach them. We want to see Jesus make them into leaders and launch them into their destinies.

GOAL

Our goal is to reach the neglected globally — **the least, the last, and the lost.** There is much work to be done. We cannot do it alone. We need the Holy Spirit, Jesus and the Father by our side and in our hearts. And we need each other. But take heart, *God is more than enough, and He has created and prepared us for this task in advance (Eph. 2:10).*

THE TASK

Statistics and Infographics on the Remaining Task

- ± 7,415 unreached people groups, representing ± 3.34 billion people with no access to the Gospel.
- Only about 3% of all cross-cultural workers are working among unreached people groups.
- Less than 1% of our giving goes to reach 3.34 billion people that are unreached.

MIDDLE EAST

STRENGTH: Business sustainability in unstable context.

SOUTH ASIA (Pakistan, Bangladesh)

STRENGTH: "Emerging PBP multiplier" Strong training frequency with 2 countries actively running PBP programs.

SOUTHERN AFRICA (Malawi, Mozambique)

#1 People Trained **#1 Business Plans**

NOTE: Malawi: Strongest PBP pipeline.

Disclaimer:

Each year, our leaders, together with a coach, complete a report detailing the qualitative and quantitative indicators of their churches and businesses. Please note that these numbers are constantly changing and, by the time of this writing, may already be outdated. Additionally, we partner with several local organizations that have existing churches and networks. We do not claim credit for their work, although in some cases their figures are included in our reporting. Our intention in sharing these numbers is not to boast, but to track progress, learn, and ultimately give glory to God.

EAST AFRICA (Kenya, Tanzania, Uganda)

#1 Baptisms **#1 Coaching**

#1 House Churches

NOTE: Strongest conversion and spiritual commitment activity across the movement.

TOTAL GLOBAL IMPACT

DISCIPLESHIP

CHURCH GROWTH

BUSINESS IMPACT

GLOBAL REACH

HOW WE ARE UNIQUE

Traditional:

A pastor runs a church but struggles to reach the wider community.

Business For Movements:

A believer runs a carpentry shop where customers hear the gospel naturally.

Kingdom Businesses = Discipleship

Traditional:

A \$200 donation is spent once: impact stops.

Business For Movements:

A \$200 revolving loan is repaid and reused. Doubling or tripling the impact.

Your Donation = Multiple Impact

Traditional:

Food aid feeds families for 2~3 weeks, but poverty soon returns.

Business For Movements:

Goat farming project gives milk, income, and stability for years.

From Emergency Aid to Lasting Self-Sufficiency

Traditional:

Text based seminars with PowerPoint have low retention.

Business For Movements:

Oral learner-friendly storytelling training is applied immediately.

Training Designed for Oral Cultures

Traditional:

Flying trainers overseas costs \$3,000+, limited follow-up.

Business For Movements:

Raise up local trainers that provide local training and coaching is very cost effective, providing also continuous support.

Efficient and Effective

Traditional:

Larger outsider-led project collapses when funding ends.

Business For Movements:

Local leaders multiply businesses and churches, spreading independently.

Multiplication for Continued Growth

At Business for Movements, we believe in combining faith, business, and community transformation. Our unique approach empowers local leaders to create sustainable change, spreading the gospel while fostering economic growth.

I fully support Pioneer Business Planting and the effort to make the material accessible online for movement leaders. Business development is key to spreading the gospel. As Harry Brown says, we must catalyze the Great Commission, not capitalize on it. This material, paired with the Disciple Making Movement platform, is a powerful tool for disciple-makers. It empowers ordinary people to become self-supporting and fruitful for the Kingdom, reducing dependency on Western funding.

ROY MORAN

North American Regional Director at New Generations North America Founder & a member of the Teaching Team at Shoal Creek Community Church

PROJECTS EAST AFRICA

PROJECT NORTHERN KENYA A started in 2020

PLACES:
Baringo (Tiaty, East Pokot, Akwitchatis, Tabgulbei), **Turkana, Samburu, Marsabit, Isiolo**

PEOPLE GROUP:
Pokots, Turkana, Borana, Samburu, Lendille, Somalis

The Northern Kenya mission, led by George Nyaundi and Kefa Moirore has seen significant progress in spreading the gospel and fostering community transformation among the Pokot, Turkana, and Samburu people groups. Over the past year, **45 Discovery Bible Study (DBS) groups** have transitioned into house churches, with **35 baptisms** recorded despite water scarcity challenges. The mission has also launched **32 businesses** in farming, groceries, hotels, and mining, with none failing, thanks to effective Pioneer Business Planting (PBP) training that equipped **139 individuals**. Key outreach efforts included J.D.X. training, Jesus Film showings in local languages, and the distribution of discipleship tools like preloaded memory cards. These efforts have reached an estimated 26,600–30,000 people across 19 villages, with over 139 individuals identified as Persons of Peace and two churches planted in Samburu and Turkana.

Despite these successes, challenges persist, including water scarcity, food insecurity, lack of health and education infrastructure, and tribal conflicts. The team has addressed some of these issues through relief aid, strategic planning, and partnerships, while also identifying long-term solutions such as boreholes and sustainable agriculture. Moving forward, the mission plans to revisit villages for further gospel engagement, plant additional churches, and expand training in business, health, and education. With continued prayer, support, and strategic efforts, the mission aims to deepen discipleship, empower local leaders, and bring lasting transformation to these communities.

2025 IMPACT

 - 139 People Trained
 - 117 Business Plans Written
 - 32 Businesses Started
 - 74 People Coaching

Kenyan leader **George**, inspired by faith, joined All Nations to plant churches & businesses among East Pokots. He started a barbershop, fostering community & establishing 9 churches with 300 believers, bringing hope & spiritual growth.

WELCOMED BY ELDERS IN SAMBURU: A GIFT OF GOATS AND OPEN HEARTS

In Mpagas (Samburu), the team was warmly received by the village elders, who showed their appreciation by gifting six goats. This gesture symbolized a strong community bond and a deep interest in learning about God. The elders expressed their gratitude for the message and asked the team to return, especially to help engage and empower the youth. One elder, Mzee Kijana, shared his concern for young people drifting into harmful lifestyles and committed to encouraging them to follow Jesus.

Galatians 6:9

"Let us not become weary in doing good, for at the proper time we will reap a harvest if we do not give up."

PAULO LERTE'S JOURNEY: FROM COLLEGE DROPOUT TO COMMUNITY DISCIPLE-MAKER

Paulo Lerte, a college student who had to leave school due to financial hardship, found new purpose after encountering the gospel. Returning home, Paulo and his family became believers. He now runs a business in the village market and is passionate about sharing his faith. Even before the mission team left, Paulo was already gathering believers and mobilizing the community to help the less fortunate, demonstrating the transformative power of faith and local leadership.

THE IMPACT OF THE JESUS FILM SHOWING IN LOCAL LANGUAGES

The showing of the Jesus Film in Samburu, Pokot, English, and Kiswahili touched many hearts, with some adults hearing the gospel in their own language for the first time. In Lomilok (Turkana), over 70 women and children gathered, showing a remarkable hunger for hope and the word of God.

PLACES:
Sotik, Chepilat, Vihiga, Homa Bay, Kisii

PEOPLE GROUP:
Kisii, Kipsigisi, Luo, Luyas

In 2025, under the leadership of Kefa Moirore, West Kenya saw significant progress in disciple-making and economic empowerment. The region established **150 Discovery Bible Study (DBS) groups**, resulting in **200 baptisms** and the formation of **8 house churches** across Kisii, Chepilat, Sotik, Vihiga, and Homa Bay. Through **8 Pioneer Business Planting (PBP) trainings**, **400 individuals were equipped with practical skills**, leading to the creation of **220 new businesses** and **112 business plans**. Ongoing **coaching for 40 leaders** and two follow-up visits provided continued mentorship and support.

Despite these successes, the region faced challenges, such as the failure of a carwash business due to inadequate planning and the ongoing need for accessible funding to help launch small businesses. In response, the team is planning to start a FaithFund project to provide microloans and support for new entrepreneurs, ensuring better preparation and sustainability for future ventures.

A key highlight has been the adoption of Savings Groups, where groups collectively save and manage funds to support each other's business initiatives. As shared in participant testimonials, table banking has enabled groups to save up to fifty thousand Kenya shillings, fostering unity and financial growth. Beneficiaries like Jafan and Finley Mandela have seen tangible improvements in their businesses and are now working together to establish a faith-based fund, empowering more members to start and grow their own enterprises. These efforts are multiplying both spiritual and economic transformation throughout the region.

Kefa from West Kenya rose from poverty selling tea & paraffin. Finding faith, he became a pastor, honing business & life skills. Now, he trains entrepreneurs, plants churches, aids local businesses and supports street children.

HOW ONE KENYAN CHURCH PLANTER BROKE FREE FROM FINANCIAL CHAOS — AND IS NOW TRAINING HUNDREDS TO DO THE SAME

Kefa Moirore, a church planter from Western Kenya, once lived in financial chaos. Running a bakery while planting churches across Eastern Africa, he worked tirelessly with little to show for it. Without bookkeeping, a budget, or a business plan, his finances were a constant source of stress. Emergencies and basic needs often caught him off guard.

Kefa's life changed after attending the Pioneer Business Planting (PBP) training, where he learned essential skills like bookkeeping, budgeting, and creating a business plan. Learning to pay himself a salary transformed his financial management. Trainers offered follow-up support, visiting his business and providing practical advice. Online coaching through WhatsApp and Signal kept him motivated.

Today, Kefa has a clear financial system, ensuring every shilling is accounted for. He allocates funds for essentials, creating stability for his family. Beyond his success, Kefa has trained over 600 people in Kenya, Tanzania, and Uganda, helping launch or grow more than 50 Kingdom businesses, empowering others to thrive.

TABLE BANKING IN KENYA: A SIMPLE AND EFFECTIVE MODEL FOR SUSTAINABLE LIVING AMONG UNREACHED COMMUNITIES

Table banking has become a transformative tool for economic empowerment in Kenya. This approach brings community members together to pool their resources, enabling them to save, access loans, and support one another in starting or growing small businesses. Unlike traditional savings groups, table banking focuses on immediate reinvestment, where funds collected during meetings are allocated to one member at a time, fostering a cycle of financial growth and mutual support.

This model has proven to be a game-changer for many, as seen in the inspiring stories of Jaffan and Finley Mandela. Both attendees of Pioneer Business Planting training, they have experienced remarkable improvements in their businesses. Through their groups, they have collectively saved fifty thousand Kenya shillings, which has not only strengthened their financial stability but also laid the groundwork for launching a faith-based fund. This initiative aims to provide small loans to help other members grow their businesses, creating a ripple effect of economic and spiritual transformation within their communities.

"I received Pioneer Business Planting training, and it has helped me improve my small business. I can now manage my savings and grow my business steadily. Through table banking, our group has saved 50,000 Kenyan shillings so far."
- Jaffan Ombati

"Since the training, I have seen real improvement in my small business. Our group is working together and we have started saving through table banking. Our vision is to start a faith fund so members can receive small loans to grow their businesses and support their families." - Finley Mandela

PLACES:
Moshi, Arusha, Meserani

PEOPLE GROUP:
Maasai and Hadzabe

The Tanzania project, led by Jackson Simon Mollé, has achieved remarkable progress in disciple-making and community development. With just **7 Discovery Bible Study (DBS) groups**, the team has seen **79 baptisms**, established **8 house churches**, and supported the creation of **17 businesses**, all of which are thriving. The project serves the Maasai and Hadzabe people in areas like Moshi, Meserani, and Arusha, combining spiritual growth with economic empowerment.

Despite these successes, the team faces significant challenges, including environmental hardships, lack of encouragement for the leader, and cultural barriers like idol worship (Laibon). However, Jackson remains steadfast, using his business as a platform to share the gospel. His efforts include running a Posho mill and trading maize to support his family and community. The project's holistic approach has not only transformed lives spiritually but also fostered sustainable livelihoods, making a lasting impact in the region.

Matthew 28:19

"Therefore go and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit."

Jackson lives with his family in a rural village in clay houses. They own a Posho mill for grinding maize into powder for Ugali or Zimma. After Pioneer Business Planting training, Jackson began buying and selling maize, saving money to send some family children to school. He shares the gospel through his business.

HOW A YOUNG BOY FROM TANZANIA BUILT A BUSINESS THAT SUPPORTS HIS FAMILY

Loserian Simon Mollel, a young man from a family of eleven, faced significant challenges in his efforts to support himself and his family. He initially tried to make a living by selling shoes and belts in various regions, but his business ventures were unproductive and lacked direction. Despite his hard work, he struggled to achieve stability and provide for his loved ones.

In 2023, Loserian attended the Pioneer Business Planting (PBP) Training in Naalarami, which became a turning point in his life. The training equipped him with practical business skills and strategies, inspiring him to open a small shop selling essentials such as sugar, tea leaves, soda, airtime, bread, and maandazi. This decision transformed his life, providing him with a steady income and enabling him to contribute to his family's needs. For the first time, he had the means to share and support his family in a meaningful way.

In June 2025, Loserian furthered his growth by attending the Facilitators Training in Arusha, Tanzania. This program enhanced his leadership and teaching abilities, empowering him to guide others in their entrepreneurial journeys. The training not only expanded his knowledge but also gave him the confidence to make a positive impact in his community by sharing his skills and experiences.

Loserian's journey highlights the transformative power of access to the right training and support. From struggling to make ends meet to running a successful business and helping others, his story demonstrates how focused efforts and practical tools can create sustainable success and uplift entire communities.

2 Timothy 2:2 (NIV)

"And the things you have heard me say in the presence of many witnesses entrust to reliable people who will also be qualified to teach others."

"I thank God for the opportunity to be a disciple-maker. It's a privilege to work in God's mission. Despite challenges like environmental hardship and idol worship (Laibon), I remain hopeful. The training has empowered me to lead, start a business, and share the gospel." - Jackson Mollel

PLACES:

Lakeside Region,
Eastern Busoga
Region, Southern
Busoga Region

PEOPLE GROUP:
Samia, Basoga,
Japardola

In 2025, significant progress was made in Uganda through the efforts of local leaders like Eridard Okwiri and the Pioneer Business Planting (PBP) program. A total of **136 businesses** were launched, empowering communities economically, while **123 baptisms** and **30 house churches** emerged from **20 Discovery Bible Study (DBS) groups**. Leaders were equipped with essential skills, resulting in **220 individuals trained** and **150 business plans written**. Despite challenges like inadequate capital, poor harvests, and failed businesses, the movement continues to grow, with ongoing coaching and support for leaders and disciple-makers.

Stories like Odwori and Harriet's tailoring shop highlight the transformative power of this initiative. Their business not only provided jobs and income but also became a hub for spiritual growth, leading to the formation of house churches. Similarly, follow-ups with PBP showed widespread adoption of tools like the Business Model Canvas and family budgeting. As we look ahead, the focus remains on multiplication—training new leaders and expanding this model to more communities, driving both economic and spiritual transformation across Uganda.

"I'm so grateful for what I've learned through the Pioneer Business Training. I've gained practical knowledge on how to start a business, develop a strong business model, and choose the right location. This training has given me the courage to launch a meaningful business—not just for profit, but as a tool to reach the unreached. My desire is to build a business that helps vulnerable people, uplifts communities, and opens doors for sharing the Gospel." - Stephen

Eridard leads a movement of multiplying leaders and simple churches in Uganda through WEC Gospel Missions. From a childhood of poverty and rejection, he found Jesus in 1997 and dedicated his life to ministry and leadership. Through Pioneer Business Planting training, he has helped others start small businesses and Savings Groups, leading to 30 churches and 20 Discovery Bible Studies in 30 villages.

THREADS OF HOPE: HOW A TAILORING SHOP BECAME A BEACON OF TRANSFORMATION IN UGANDA

Odwori and Harriet live in a rural community in Uganda where opportunities are limited and many families struggle to make ends meet. Inspired by a vision to serve their neighbors and create lasting change, they decided to start a small tailoring shop. With support from local leaders and training provided through our organization, they learned not only the technical skills of tailoring but also how to run a sustainable business.

Their shop quickly became more than just a place to sew clothes. It turned into a hub for the community—a safe space where people could gather, share stories, and support one another. Odwori and Harriet began to employ other local women, providing them with valuable skills and a steady income. The shop's profits helped send children to school and ensured that families had enough to eat.

But the impact didn't stop there. As trust grew, Odwori and Harriet started hosting small gatherings in their shop, sharing stories of hope and faith. These gatherings blossomed into new house churches, where people could explore their faith and find encouragement. The tailoring shop became a center for both economic and spiritual transformation—a living example of how empowering local leaders can multiply hope in even the hardest places.

MEET ERIDARD AND EVERLINE OKWIRI: A FAMILY ON MISSION

One unforgettable testimony came from Eridard Okwiri of Uganda, attending with his wife, Everline, and their youngest daughter, Priscilla.

"I gave my life to Christ in high school," Eridard shared. "Coming from an Anglican background, I had never really heard the gospel preached. But when I did, I ran to the altar. Since then, I've been discipling others, reaching unreached places—and now I do this with my beautiful wife, Everline. She's my partner in life, ministry, and business. We have 10 children, and we're training others to multiply what they've received."

Back home, Eridard and Everline run a boutique tailoring shop. They design and sew clothes for entire families—from father to mother to children—and they

also train single mothers, widows, and orphans in tailoring skills.

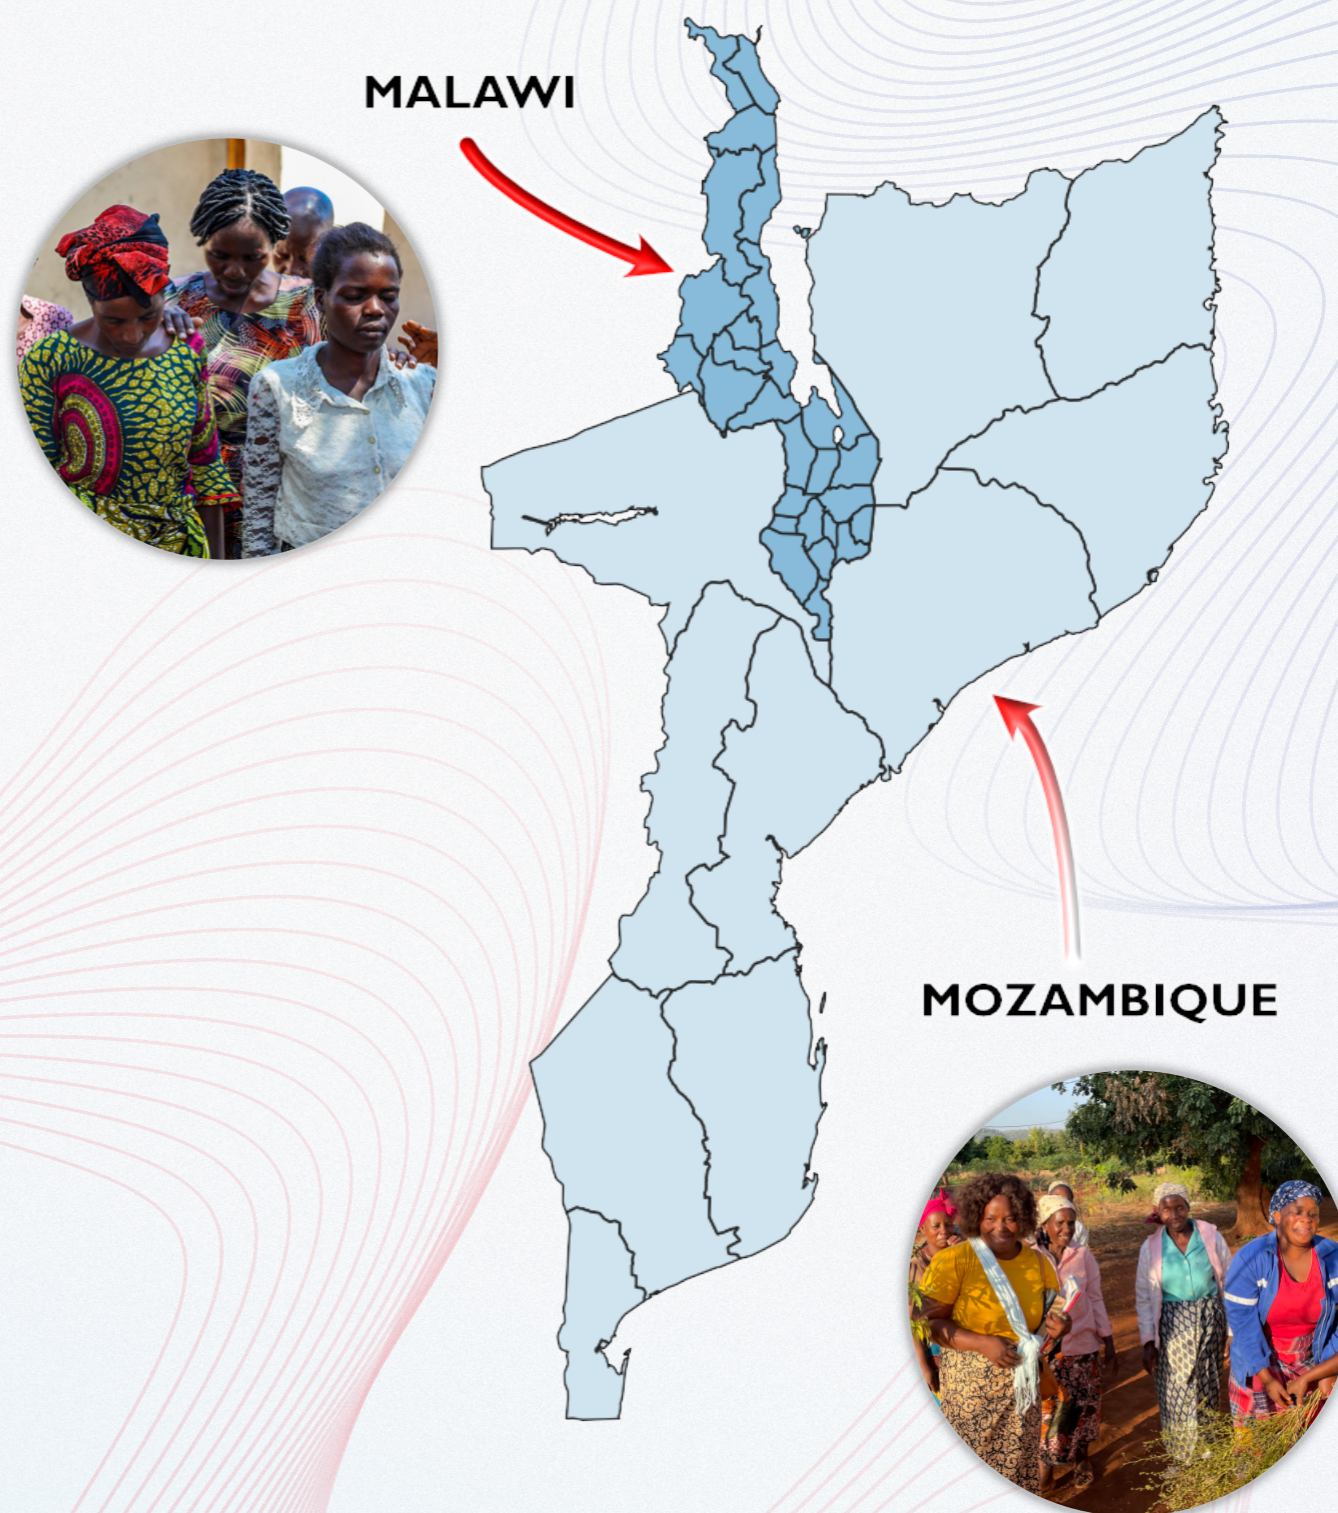

"After this training, my life has changed. I've learned new things—not just about business, but about responsibility. I now say, 'I will.' Not 'we will,' not 'someone will,' but I will do what God wants me to do."

Everline also found her voice in the training:

"I learned that we must always begin with prayer and continue with prayer. I learned how to teach others, ask questions, listen well, and make sure there is follow-up. Training is not the end—we also must be coached, mentored, and multiply others."

Their goal is simple, yet powerful: Train more facilitators. Plant more churches. Raise more disciples. Multiply hope in Uganda and beyond.

PEOPLE GROUP:

Yao, Tonga, Tumbuka, Chewa, Ngoni, Lomwe, and Sena

The Malawi initiative has achieved remarkable progress in church planting, disciple-making, and business empowerment. In 2025, **1,141 individuals were trained** through Pioneer Business Planting (PBP), resulting in **967 business plans** and **281 new businesses**. This innovative approach integrates entrepreneurship with disciple-making, enabling communities to grow sustainably while reaching unengaged and unreached people groups. The movement has also established **114 Discovery Bible Study (DBS) groups**, **33 house churches**, and **baptized 17 individuals**, with **3 generations of house churches** emerging. Additionally, **94 leaders have been coached** to ensure the ongoing expansion of this work.

The impact of this initiative is reflected in stories like Godfrey's in Nkhotakota. Godfrey has successfully launched multiple businesses, including a grocery shop and goat farming, while using these ventures to disciple others. His efforts have brought together children and youth in a predominantly non-believers area. Similarly, Losten in Mvunguti has embraced the PBP model, creating businesses and empowering others to integrate faith and entrepreneurship.

These efforts highlight the transformative power of combining business and ministry. By equipping individuals with the tools to start businesses and make disciples, the Southern Africa Malawi initiative is fostering sustainable growth and multiplying disciples at an unprecedented pace.

Gibson leads our Southern Africa work. After being chased away, missionaries took him in, leading him to Jesus. He transformed, attended CPx training in South Africa, and started planting churches in Malawi. In 2018, he grew his print shop through Pioneer Business Planting. He now leads a church planting movement in Monkey Bay, training others to plant churches and businesses.

FROM DRUNKARD TO DISCIPLE-MAKER: HOW LOSTEN FOUND HIS PURPOSE

Losten was infamous in his village for his drinking and unfaithfulness. He spent his days moving between drinking spots, reeking of alcohol before noon, while his wife struggled to hold their family together. Known for his wandering eye, he eventually married a second wife, doubling his burdens and deepening his shame. His once-strong body had weakened, his reputation was in ruins, and his self-worth was gone. One day, as he sat under a tree in a drunken haze, Gibson, a local leader, approached him and asked, **"Are you happy?"** Startled, Losten had no answer. Gibson shared his own story and spoke about Jesus—not with judgment, but with love and hope. For the first time in years, Losten felt a glimmer of hope and whispered, **"I want to change."** They prayed together under that tree.

The road to redemption was not easy. Losten struggled with cravings and temptations, stumbling and nearly giving up. But Gibson stayed by his side, encouraging him to study Scripture and lean on Jesus. Slowly, Losten began to change. He stopped drinking, became a provider for his family, and reconciled with his past. Though he didn't abandon his two wives, he chose to live in repentance and

used his story to warn others about the consequences of his choices. The villagers, once skeptical, started to notice the undeniable transformation in his life.

Eventually, Losten felt called to help others. With Gibson's guidance, he started a small group for men struggling with addiction and hopelessness. He didn't just preach to them—he walked with them, sharing his own struggles and victories. One by one, other men began to change too. Today, Losten is a leader and disciple-maker, a living testimony of God's power to redeem. His village, once ashamed of him, now calls him "Jesus" for the way his life reflects Christ's transformative love.

PLANTING SEEDS OF CHANGE: HOW PIONEER BUSINESS TRAINING SPARKED A NEW MOVEMENT IN NKHOTAKOTA

In December 2024, Godfrey met Gibson, a leader who used business as a tool for self-sustaining ministry and community empowerment. Inspired by Gibson's example, Godfrey attended the Pioneer Business Planting training in May 2025 with his team. The training emphasized using business as a platform for transformation, identifying local needs, and fostering self-sustainability. It also highlighted the importance of patience and faith in God's timing, likening business growth to planting seeds that only God can make flourish.

Returning to Nkhotakota, Godfrey applied these lessons by launching multiple ventures: a grocery shop, a motorbike taxi service, a pick-and-drop vehicle service, and irrigation farming with goat raising. These businesses not only provided income but also became avenues for mentoring others, building relationships, and sharing faith. Godfrey's wife, Brenda, managed the grocery shop, while the other ventures created jobs and addressed community needs.

The ripple effect was profound. Godfrey trained others, sparking a culture of entrepreneurship in his community. His efforts inspired dreams of future ventures, such as a fish business and a hardware store, to create jobs and foster deeper connections. Godfrey's story shows how one training can ignite hope, innovation, and faith-driven action, transforming lives and communities.

PLACES:
Boane, Maputo,
Nampula, Beira

PEOPLE GROUP:
Shangane, Ndau,
Ronga

Five months of riots. Closed roads. No business training possible. And yet — **85 Discovery Bible Study groups** still meeting, **18 house churches** planted, and outreach expanding to provinces 800 kilometres from Maputo.

Raymond Makhamu led the Mozambique project through one of the hardest years in its history. When political unrest shut down normal operations, his team didn't retreat. 6 new discipleship leaders were trained and sent out to reach the Shangane, Ndau and Ronga peoples in distant, underserved areas like Chikwalakwala and Zambézia. **20 people were baptized**. The crisis, it turned out, had opened doors that stability never did.

The Pioneer Business Planting pipeline stalled — that's the honest reality, and rebuilding it is the clear priority for 2026. But what held was the thing that matters most: local leaders, rooted in their communities, carrying the gospel forward on their own.

Acts 8:1,4

"On that day a great persecution broke out... Those who had been scattered preached the word wherever they went."

Raymond, taken from his family as a child, was rescued by a missionary during apartheid. After education, he dedicated his life to the Lord, built a family in South Africa, and returned to Mozambique to make disciples, plant churches, and run businesses for unreached people groups.

PROJECTS ASIA

PEOPLE GROUP:
Bengali – Christian,
Islam, Hinduism,
Ethnic – Kurukh,
Mahali, Santal,
Lohar

In 2025, the Bangladesh project made significant strides despite facing economic and political challenges. A total of **20 Discovery Bible Study (DBS) groups** were active, leading to the formation of **1 house church** in northern Bangladesh, with plans underway for another. **Five** individuals publicly declared their faith through **baptism**, reflecting the spiritual impact of the initiative.

The Pioneer Business Planting (PBP) program was a key highlight, with **8 trainings** conducted, **equipping 165 participants**. This effort resulted in **64 business plans** and the successful launch of **26 businesses**, including ventures in stationery and grocery. However, one garment business failed due to illness and political instability, highlighting the challenges faced by entrepreneurs in the region.

The project focused on empowering economically disadvantaged communities by integrating business and discipleship. Partnerships with Karim Khan and Shahid Sarker facilitated disciple-making among non-believers, further expanding the reach of the gospel. Despite financial constraints among church members and irregular loan repayments, the initiative continues to create lasting spiritual and economic transformation.

FROM GRANDFATHER'S STORIES TO A LIVING FAITH: HOW ONE WOMAN'S OBEDIENCE LED A YOUNG MAN TO JESUS

What happens when a seed planted in childhood finally takes root decades later? For Akash in Eastern Bangladesh, that seed was the Bible stories his grandfather told him as a boy. Years later, a chance encounter with Rima, a trained disciple-maker, brought those stories to life and set Akash on a path toward faith, baptism, and belonging. In March 2024, Rima attended a Pioneer Business Planting (PBP) training, which equips believers to integrate discipleship into daily life. Inspired, she committed to evangelism upon returning to Eastern Bangladesh. Despite the risks of sharing her faith in Bangladesh, Rima stayed true to her promise and began looking for opportunities.

Akash's journey began with the Bible stories his grandfather shared with him as a boy, which stayed with him for years. When Rima shared her faith later on, it helped bring those early seeds to life. In December 2024, Akash chose to follow Jesus and began looking for next steps in his faith journey. At first, local support was cautious because of the sensitive context. Rima kept walking with him, and with support from the All Nations Business for Movements network, she connected Akash with Pastor Imran Begum and Nasir (BFM - Project Bangladesh National leader). They helped him join a faith foundations and preparation class in June 2025, and he also became part of a small group where he could grow alongside other believers.

This story highlights the power of training, persistence, and community. Rima's obedience, supported by All Nations' network, ensured Akash didn't fall through the cracks. Today, Akash is preparing for baptism and finding his place in a community of believers. Akash's story is a testament to how ordinary people, equipped and supported by a movement, can create extraordinary ripple effects.

FROM DARKNESS TO LIGHT: HOW ONE MAN'S LIFELONG SEARCH LED HIM TO JESUS — AND HOW A MOVEMENT GAVE HIM A COMMUNITY

Kamal Khan, a non-believer from northwestern Bengal, Bangladesh, spent decades searching for peace through politics and religion. His journey began on February 21, 1990, when he heard his name called in the night and later saw a bright, torch-like light pass by, an experience that pushed him to seek truth more deeply. Over the years, he explored temples and spiritual teachers and wrestled with one question: who is Jesus?

In 2022 he connected with a pastor, studied the Bible, and was baptized, but after the pastor left the area in 2023, Kamal was left without community and felt spiritually alone. Everything changed in 2024 when Karim Khan began meeting with him through All Nations Business for Movements and the Pioneer Business Planting (PBP) training network. PBP did not just offer encouragement, it gave Kamal a clear pathway for growth: practical discipleship rhythms, accountability, and a wider community of trained leaders who could walk with him and help him multiply, not just survive.

Today, because of that support and structure, Kamal's home hosts a Friday house church of about 20 people from 12 families, and a second house church has started nearby. What was once one isolated believer has become a growing, multiplying community, fueled by the training, relationships, and ongoing coaching that come with joining the Business for Movements and PBP network.

PROJECT INDIA

started in 2019

In 2025 we worked on establishing a new foundation and financial construction for our work in India. Because of safety issues, we cannot share this information publicly. If you would love to have a one-on-one conversation about it, you can contact us.

In 2025, the India project made significant strides in establishing a South Asia hub for Disciple-Making Movements (DMM) and Business Planting Movements (BPM). Through a tailoring business in the capital region, the project generated \$25,000 to \$30,000 in annual revenue, employed 5 to 8 staff, and served 10 to 12 customers daily. Key improvements included stronger customer follow-up systems, a shop redesign, leadership development, and the launch of a mobile tailoring service. These efforts aim to build a sustainable business model that supports church planting movements. Additionally, 70 leaders were trained in Church Planting Movement principles, equipping them to reach underserved villages across North and East India. This training is expected to catalyze the planting of 100 new simple churches across South Asia.

Despite these gains, the project faced challenges, including financial accountability issues in one northern state, seasonal slowdowns, and customer losses after a former manager started a competing business. In response, the team strengthened oversight, implemented targeted marketing, and developed new strategies such as mobile tailoring. Future plans include transferring tailoring business ownership to the current manager, introducing fabric sales to increase revenue, and redirecting investments toward rural entrepreneurs (for example, livestock-related microbusinesses) to support long-term self-sustainability. The project continues to demonstrate the impact of integrating business and ministry, with workers building relationships and sharing the Gospel through their services.

PROJECT PAKISTAN

started in 2024

PEOPLE GROUP: MBBs & CBBs

In 2025, the Pakistan project made significant strides in empowering local communities through faith-based entrepreneurship and leadership development. Under David's visionary leadership, the initiative focused on integrating spiritual transformation with sustainable development. The team successfully launched **3 Kingdom-centered businesses**, with two still operating, and **trained 65 individuals** through the Pioneer Business Planting (PBP) program. These efforts resulted in **2 Discovery Bible Study (DBS) groups**, **2 house churches**, and the **coaching of 5 leaders**. A standout success story is Ruth, who now runs a profitable online jewelry store while leading a house church with her husband, helping others grow in faith.

The impact of the project is evident in the transformation of participants' lives. For example, James, a pastor, started a small restaurant with just 2,000 rupees (about \$6 USD), which grew into a thriving business generating roughly 65,000 rupees a month within two months of opening. Another participant embraced the concept of Kingdom business, learning to reinvest profits for growth while aligning his work with God's mission. These stories highlight how the training reshaped perspectives, fostered financial independence, and strengthened faith.

Despite these successes, challenges remain. The chicken and egg business failed due to inadequate care, and the PBP work is still in its early stages under All Nations' umbrella. However, the project continues to inspire hope and resilience, equipping believers to overcome social and economic barriers. Through training, coaching, and sustainable business development, the seeds planted in Pakistan are already bearing fruit, advancing God's mission in the region.

CREATING OPPORTUNITIES AND HOPE FOR CHRISTIANS IN PAKISTAN

"I wish I had received this training five years ago!" said one participant at the close of our Pioneer Business Planting training in Pakistan. In late September, we equipped 65 Christians from various backgrounds with practical skills for launching Kingdom-centered businesses. One pastor shared how the training shifted his mindset—from wanting to teach others to start businesses for the church, to realizing he could start one himself and that every believer is a full-time servant of God.

Pakistan is a nation rich in culture and resilience, yet many Christians face significant social and economic challenges. Through Business for Movements, we focus on empowerment over dependency—helping believers discover their God-given abilities and take confident steps toward financial stability and spiritual impact. Our national leader captured it well: rather than relying on outside funding, resources should bear fruit locally, through business.

After the training, each participant worked on a Business Model Canvas and a family budget, with coaches providing regular guidance and small loans to help them launch with confidence.

Across Pakistan, believers are discovering new opportunities, renewing their confidence, and stepping boldly into their callings. The seeds planted through training, coaching, and sustainable business development are already bearing fruit—and this is only the beginning.

UNLOCKING GLOBAL OPPORTUNITIES THROUGH FAITH-DRIVEN ENTREPRENEURSHIP

Tariq Bashir, a passionate entrepreneur, shared how the training transformed his approach to business and inspired him to help others. Before attending, Tariq had a vision of equipping individuals with the skills needed to earn in foreign currencies. The training reinforced his belief in sharing knowledge and supporting others to achieve financial independence. Tariq refined his business model and committed to guiding anyone interested in starting a business or improving their sales strategies. His story is a testament to the power of collaboration and the importance of lifting others as you climb. Tariq's mission now extends beyond personal success—he aims to create a ripple effect of empowerment and opportunity.

**Places and names are changed for safety reasons.*

PROJECT MIDDLE EAST

2025 was a transition year for the Middle East project, marked by a country move and ongoing regional instability. Despite these challenges, the team made meaningful progress toward sustainable Kingdom impact among Middle Eastern people groups.

The team established **14 Discovery Bible Study (DBS) groups** and saw **1 house church** formed. **2 Pioneer Business Planting (PBP) trainings equipped 29 individuals**, resulting in **4 business plans and 2 businesses started**, though 1 failed due to participant dishonesty. **6 leaders are being coached**, and a new local facilitator has been identified — a key step toward indigenous ownership.

Key testimonies include "Ken," the first loan recipient, who repaid his loan and stepped up during a sabbatical season to train others and help launch **2 new trainings**. Ken and "Mike" boldly started a DBS group outside a traditional church setting — a radical shift for Christian-background believers. "Eddie," another PBP participant, now makes trips to his home region, using a simple olive oil business to fund itinerant ministry among his people group, who have shown remarkable openness to the gospel.

Challenges included losing 2 previously active facilitators and a breach of trust with a participant. Yet the emergence of new leaders points to a maturing movement. Looking ahead, the focus is on completing PBP training with a group of young adults connected through a local pastor and continuing to develop existing leaders.

EDDIE: TAKING THE GOSPEL HOME

Eddie is a Pioneer Business Planter with roots in a people group whose members have largely fled to surrounding countries as refugees. He's now making intentional trips back to his home region, using a simple business model — buying and selling products like olive oil — to fund his itinerant ministry. The result: a growing network of house and **online DBS groups with around 150 people**. On a recent trip, he helped launch a new in-person DBS group and identified another group ready to start **online**. The refugees, Eddie among them, have shown remarkable openness to the gospel — and Eddie is bringing it back to the source.

KEN AND MIKE ON BREAKING THE MOLD ON DISCIPLESHIP

Two loan recipients, Ken and Mike, did something quietly radical — they started a DBS group outside of a church building, without a pastor leading it. It didn't last long, but that's not the point. For Christian background believers in the Middle East, the idea that they can disciple others — outside of a formal church setting — is a significant shift in mindset. A small step with big implications.

A DOOR OPENS: 40 YOUNG ADULTS GET A TASTE OF PBP TEASER TRAINING

After years of searching for the right partners in the Middle East, a breakthrough came through a local pastor who opened his network — and his trust. He gave the team access to 40 young adults for an introductory PBP training (*teaser training*). The response was strong enough that plans are already in place to return and take a focused group through the full training.

FROM LOAN RECIPIENT TO MOVEMENT CATALYST

Ken was the first loan recipient in the Middle East— and he didn't just repay his loan. When leadership entered a sabbatical season, Ken stepped up. He kept communication alive with other loan recipients, trained new participants, and helped 2 new people start Pioneer Business Planting programs. In a country that has weathered war and regime change, Ken's quiet faithfulness kept the movement going.

PIONEER BUSINESS PLANTING ONLINE

started in 2022

KEY METRICS

- ~300** PBP Online participants
- 48** Nations Represented
- 7** Languages translated
- 40** Course lessons (animated)
- \$50** per video ~\$2,000 full course

In 2025, Pioneer Business Planting training continued to empower entrepreneurs globally, providing crucial resources and training. Our cumulative impact reflects significant growth in participation and reach, expanding to new nations and offering content in multiple languages.

Expanding Our Global Reach

- Launched new initiatives in South Asia and Africa, fostering local business ecosystems.
- Increased online platform accessibility, driving diverse international engagement.
- Strengthened partnerships with local organizations for sustainable growth.

Program Impact & Innovation

- Developed 40 core course animated lessons, enhancing learning engagement.
- Achieved cost-effective learning engagement.
- Achieved cost-effective translation, reaching \$50 per video for broader accessibility.
- Enabled comprehensive training with a full course translation cost of approximately \$2,000.

Financial Efficiency & Future Outlook

- Maintained transparent financial stewardship, optimizing resources for maximum impact.
- Projected growth for 2026 includes expanding language offerings and course materials.
- Commitment to sustainable business planting for lasting community transformation.

Overcoming Barriers to:

- Bypassing traditional geographic and logistical constraints.

- Enabling access in restricted and remote regions.
- Providing sustainable income generation for local leaders.
- Reaching participants across 48 nations simultaneously.
- Scalable digital platform for unlimited participant growth.
- Flexible, on-demand learning for diverse contexts.

Languages and translation

- 7 key languages available (English, Swahili, Hindi, Bangla, Arabic, Portuguese, and Chinese).
- Cost-effective video translation model at \$50 per video.
- Rapid translation process for new language additions, with Urdu and French translations ongoing.

SUCCESS STORY

"In 10 years I have grown my business... my faith in Jesus Christ will grow strong day by day."

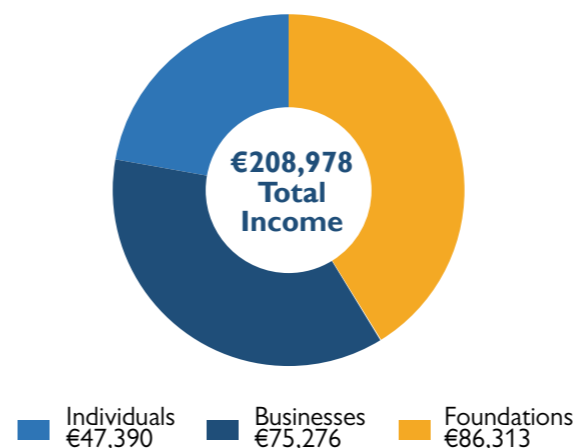

Gastern grew up in Monkey Bay, Malawi, struggling with alcoholism and poverty — no savings, no skills, no plan. In 2020, he attended a Pioneer Business Planting training, and everything changed. He saw an opportunity to serve travelling fishermen and launched a restaurant and lodge, entirely self-funded. As he serves meals, he shares his faith — men have come to Christ and house churches have formed. Today he runs 3 businesses and 2 fishing boats, employs 40 people, and earns \$120 daily.

Together, we build movements that transform lives and nations.

PARTNER WITH US

Pray

Prayer is the foundation of everything we do. Your prayers fuel our mission to reach the unreached, empower leaders, and ignite church planting movements through business.

Join Our Prayer Community

- Be part of a global movement of intercessors.
- Join our private Signal group for real-time updates.
- Subscribe to our monthly prayer email list for inspiring stories and prayer points.

Pray With Us

- Pray for new business initiatives to open doors for the gospel.
- Ask for wisdom, protection, and boldness for our leaders.
- Intercede for unreached peoples to encounter Jesus.
- Pray for resources and partnerships to multiply our impact.

Give

Make a difference by supporting our mission through a one-time or recurring donation.

Ways to Give

- Give to a Project: Support specific initiatives like church planting or business ventures.
- Donate One Time: Respond to urgent needs with a secure one-time gift.
- Become a Monthly Donor: Sustain our mission year-round with recurring donations.
- Business Friend: Partner with us as a company to accelerate Kingdom entrepreneurship.
- Church Giving: Mobilize your church to make a collective impact.

Go

Experience our work firsthand or invite us to share our vision with your community.

Join a Mission Trip

- Witness lives transformed as you serve alongside local leaders.
- Engage in hands-on ministry, cross-cultural learning, and faith-sharing opportunities.

Invite Us to Speak

- Inspire your church, business, or event with real stories of transformation.
- Topics include: Business as Mission; Faith in Action; Mobilizing Your Community.
